# KEEPING YOU SAFE AND WARM IN YOUR HOME

We've designed our Service & Maintenance Plans to bring you affordable cover for your boiler and other domestic services. We understand that everyone has different needs and preferences, so we offer a choice of plans to suit your home, boiler type and budget.

## TWO FREE CALL-OUTS A YEAR...

Unlike many of our competitors, you won't always pay a call-out fee when you choose N. Leonardi Plumbing & Heating Ltd. Provided the call-out relates to a covered service, there'll be no charge for visiting your home, or for any parts and labour included in your Plan, up to twice in any 12 month period\*. Your call-out will also be prioritised over non-Plan customers.

## ...AND EXCLUSIVE DISCOUNTS!

Of course, you may need to call us out about something that's not covered by your Plan. If so, you'll need to pay a call-out fee, plus the cost of any parts and labour. But as a Plan customer, you'll receive exclusive discounts on any non-Plan related work we do for you. That includes non-essential works, like plumbing in a new kitchen or bathroom.

## OTHER BENEFITS INCLUDE:

- Peace of mind that your boiler and other covered services are maintained for safety
- Genuine value for money with no hidden costs
- Reliable, high quality service from Gas Safe registered engineers
- Compliance with manufacturer's guarantees (where applicable)
- Free phone help and advice, e.g. setting your central heating time clock

## WHY CHOOSE US?

As experts in servicing and N. Leonardi Ltd are Trading Standards Approved and a Which? Trusted Trader. As Accredited Installers for leading brands including Worcester Bosch and Baxi, you can be confident our engineers are honest and reliable, and will strive to do a great job, every time.

## OUR PLANS AT A GLANCE

	PRICE*
Plan 1a – Annual Boiler Service (new boilers only)	£72
Plan 1b – Annual Boiler Service & Maintenance (out of guarantee boilers only)	£225
Plan 2 – Extended cover (regular & system boilers only)	£230
Plan 3a – Ultimate cover (regular & system boilers only)	£380
Price 3b – Ultimate cover (combi boilers only)	£374

\* Please note that the minimum term for our Extended and Ultimate Plans is 24 months.

### WHAT TYPE OF BOILER DO YOU HAVE?

If you have a regular or system boiler, you'll have a hot water cylinder in your home. With a combi boiler, your water is heated on demand when you turn on a tap, so you don't need a cylinder.

### WHAT WE COVER

Your Plan will always include an annual Boiler Service (new boilers) or an annual Boiler Service & Maintenance (older boilers). If you'd like to cover more of the services in your home, you can choose our Extended or Ultimate Plans to provide additional peace of mind.

Please refer to pages 4 to 6 for details of what's included in each Plan.

Please note that the Extended Plan is only suitable if you have a regular or system boiler, as it covers components that aren't required with a combi.

Before applying for your chosen Plan, please read this brochure and our Terms & Conditions carefully. You'll have a copy of these with your application form or you can find our full terms and conditions online at [www.nleonardi.co.uk](http://www.nleonardi.co.uk).

### ARE YOU ELIGIBLE FOR A PLAN?

You can apply for a Plan if:

- You live in Nottinghamshire.
- You own and occupy the property you'd like us to cover.
- The boiler is a domestic (70kW max) model that runs on natural gas and doesn't need to be removed from the wall to be serviced or maintained.
- Your boiler and any other services you'd like us to cover are safe and in good working order at the time of your application (see page 7).
- Your boiler has a circular flue (we'll check this when we visit your home).

### IMPORTANT NOTES

The cover provided under any and all Plans is limited to a maximum of £1,000 during any rolling 12 month period. If any work over and above a cost of £1,000 is required, we'll provide you with a quote at our standard rates. Any obligation we have to replace parts under a particular Plan will be limited to a total of £250 during the first three months of cover. Also, please note that we can't cover any faults that arise with your covered services during the first 14 days of any plan, unless we installed the equipment and have maintained it ever since.

# PLANS 1A AND 1B - BOILER PLANS

## PLAN 1A – BOILER SERVICE

This Plan is for boilers that are still covered by the manufacturer’s guarantee. It’s designed to spread the cost of servicing your boiler over 12 months. Regular services will help keep your boiler working safely and efficiently, and identify any faults that could increase your gas bills or put your family at risk.

Having your boiler serviced annually also tends to be a requirement of the manufacturer’s guarantee. When you’re a Plan customer with N. Leonardi Ltd, we’ll contact you when your boiler is ready for its next service, so you won’t forget and inadvertently invalidate your guarantee.

## PLAN 1B – BOILER SERVICE & MAINTENANCE

If your boiler is out of guarantee, this is the Plan for you. As well as your annual service, you’ll have the reassurance that the cost of most repairs and spare parts will be covered. Your programmer will also be included in the Plan if it’s out of guarantee.

If, in our reasonable professional opinion, it’s not economically viable to repair your boiler and/or programmer, or we can’t get spare parts, then we won’t repair it. However, we’ll be pleased to quote you for a brand new one – and if you buy this from us, the installation will be completely free.

## PLAN 2 – EXTENDED COVER

This Plan is designed for homeowners who have regular or system boilers, as it covers elements of your central heating system that you don't need with a combi boiler.
